

Talk 9: Strassman's theorem and the Logarithm function

1 Revision

Blah

In this talk, we would like to study blah blah
blah... They are defined as asd

Definition 1.1. ...

We prove the following result

Theorem 1.2. *Strassman's Theorem:*
Let

2 Sample section II

Definition 2.1.

Theorem 2.2. ...

Proof. The proof follows then from
[Gou, Prop. 3.13] \square
